

Reinforcement & Construction Machinery

TAMPING RAMMER

Features:

- Tamping Plate is made of High Quality Steel for maximum durability and high performance
- Machine is designed for balance and tamping efficiency
- Handle has anti-vibration mounts for operator comfort
- Direct drive – Stable in usage

Model	TR 33/28
Shoe Size L x W mm	330 x 280
Blow / Min. vmp	630 – 700
Fuel Tank Capacity - litres	2.0
Fuel Consumption – litres / hour	1.1
Travel Speed – metres/min.	9 – 11
Impact Force - kgf	1,400 – 1,600
Lubricating System	Oil Bath
Engine	Honda / Robin
Engine - HP	5.0
Fuel Type	Petrol
Weight - kg	75 / 73
